Overview

At a Glance

1280x1024 Maximum Resolution:
See more of your work on the P190S monitor's 19" screen, and get full-screen support for lower resolutions.

800:1 Contrast Ratio (Typical):
Get dark blacks, sharp images, crisp text and excellent color saturation.

Office-Ready Design:
Easily integrate the P190S into an existing office setup, thanks to a sleek black chassis that matches many Dell business systems, including OptiPlex™ and Vostro™ desktops. (Monitor is also compatible with non-Dell systems.)

5-Millisecond Response Time (Typical):

Experience fast, fluid multimedia playback with less ghosting and streaking.

Versatile Connectivity:

Connect to your PC with the included analog (VGA) cable, or enjoy heightened digital image/video clarity with a DVI (HDCP) cable.

Comfort and Convenience

With its comfort friendly height, swivel, tilt and pivot adjustments, the Dell Professional 19" Monitor P190S easily adapts to fit virtually any workspace.

Additionally, the 4 conveniently located hi-speed USB 2.0 ports on the P190S offer easy, flexible connections for mice, keyboards, memory sticks, external hard drives and other USB 2.0-equipped peripherals

Multiple Connectivity Options

The Dell Professional 19" Monitor P190S features a Video Graphics Array (VGA) port and an included VGA cable for analog video reproduction, as well as a Digital Visual Interface (DVI) port that enables playback of content encoded with High-bandwidth Digital-Content Protection (HDCP).

Premium Panel Guarantee

All Dell Professional series monitors include a 3-year Premium Panel Guarantee as part of their standard limited hardware warranty coverage. Even if just one bright pixel is found on your Dell Professional 19" Monitor P190S during the limited hardware warranty period, Dell will replace the monitor.

power

Designed to Save Energy¹: As an ENERGY STAR® - compliant partner, Dell has designed the P190S to comply with stringent ENERGY STAR 5.0 standards for energy efficiency. Thanks to a more efficient backlight design featuring two CCFLs (cold cathode fluorescent lamps), the P190S also uses 26% less typical than the previous model¹.
